

## LACEY TIMBERLAND LIBRARY FUNDRAISER UPDATE

Just before the holiday season in 2018, we asked for your help in raising money to pay for a modest but much-needed remodel of our library. Thanks to the community, we've managed to raise over \$39,000 so far!

With your help, this project will allow us to:

- Replace current service desks with new ADA accessible, barrier-free central service stations.
- Create a new, separate, dedicated return area to ensure immediate, error-free check in of your materials.
- Create point-of-contact resource stations for community members & staff to engage.
- Install a fully ADA accessible family restroom with special features to accommodate disabled children, adults & their caregivers.

The costs for this remodel are coming in somewhat higher than the original estimate, so every donation is vital. We need to raise at least \$75,000 to add to funds provided by the City of Lacey and Timberland Regional Library so we can make this project a reality.

### WE'RE SO CLOSE - CAN WE COUNT ON YOUR SUPPORT?

If you've already donated, thank you so much! Please tell a friend or others in your circle that the Friends are a great organization for their charitable giving. Here's the details:

All gifts of \$250 or more will be highlighted on our Donor Club Plaque at the library and in our TRL District newsletter. In addition, donations to the Friends of the Lacey Timberland Library, a 501©3 non-profit, are tax deductible.

Your generosity will improve access to library services for many more years to come. We are truly grateful for your support!

With deep appreciation,
